

COM-DEX

KEEPS YOU CONNECTED. ALWAYS.

A true hands-free device for streaming high-quality sound from any mobile phone to hearing aids. Can be combined with the COM-DEX app for convenient control of hearing aid volume, sound direction and program settings.

FEATURES

- True hands-free communication
- Compatible with any mobile phone
- Stream audio from all Bluetooth devices
- Available in three stylish colours
- 8 hours streaming time
- 8 days standby/control time*
- Comfortable fabric neck loop
- Control your hearing aids via an app

* 12 hours per day

TV-DEX

FOR ENJOYING TV

A palm-sized, user-friendly wireless assistive listening device purpose-built for enjoying TV and audio. Allows up to 10 hours of uninterrupted stereo TV or hi-fi sound between recharges.

FEATURES

- High quality audio
- Ultra-low delay "EchoFree™"
- Inputs for both TV and hifi systems
- Room Off feature
- 10 hours non-stop capacity
- Rechargeable using the TV-Base

PHONE-DEX

FOR EASY LANDLINE USE*

An all-purpose, cordless phone that streams crystal clear sound directly to your hearing aids. Provides the best possible listening experience for the user – without using a telecoil program or streamer. Also works as a conventional phone.

FEATURES

- Range to base up to 300 metres
- Phonebook for 20 numbers
- 100 hours of standby time and 10 hours call time on battery
- Can also be used as a regular phone – a phone for the whole family

*Available in EU and North America only

CALL-DEX

FOR DISCREET STREAMING FROM MOBILE PHONES

An ultra-compact device for streaming conversations from mobile phones to hearing aids. CALL-DEX simply inserts into jack plug of the phone and is then ready to use. Can stream up to 80 hours and is compatible with most mobile phones.

FEATURES

- Connects to all mobile phones with 3.5 mm jack output
- Streams automatically
- No buttons
- Constant streaming up to 80 hours
- Standby up to 3 weeks
- Small and easy to handle

UNI-DEX

FOR PLUG AND PLAY MOBILE PHONE USE

The UNI-DEX is a neck-worn plug and play solution for easy mobile phone use. The in-built microphone in UNI-DEX allows you to talk hands-free when using a mobile or Skype via PC or tablet.

FEATURES

- Connects to all devices with 3.5 mm jack output
- Streams automatically
- In-built microphone for hands-free talking
- Battery life 40 hours when streaming
- Battery recharges in 1 hour
- Room Off feature

FM+DEX

FOR FLEXIBLE STREAMING

A high quality streaming device that is small and discreet, and designed specifically for wireless hearing aids. Has three functions: FM, telecoil and audio line in, giving the user great flexibility. Easily operated with a toggle button.

FEATURES

- A flexible device for FM streaming
- Small and easy to handle
- Antenna range up to 30 m
- 10 hours battery capacity

RC-DEX

YOUR REMOTE CONTROL

A stylish, compact and user-friendly remote control that gives users better control of selected hearing aid functions. Allows the user to adjust volume and change between programs quickly and discreetly. Small enough to fit on a key ring. A lock switch prevents the remote being activated accidentally.

FEATURES

- Program toggle
- Volume up/down
- Key ring attachment
- Approximately 12 months of battery life
- Lock switch

KEEP CONNECTED WITH WIDEXLINK™

At the heart of the DEX communication accessories is our unique wireless technology, WidexLink.

It allows instant communication between hearing aids, direct connection to external audio devices, and coordination and synchronisation of data between two hearing aids.

WidexLink is designed specifically for the demands of hearing aids and DEX devices. It uses less power, is extremely fast and ensures there are no delays or dropout of sound.
